

The Bribery Act 2010

Compliance Policy, Practices and Procedures

1. This document ("the Policy") has been approved by the Partners at their meeting on 30th June 2010 and describes the policy of the Partnership together with the practices and procedures to be followed in order to comply with section 7 of the Bribery Act 2010.
2. It is an offence under section 7 for a "relevant commercial organisation" such as the Partnership to fail to prevent bribery. In this context it is liable if a person associated with it (a Partner, an employee, an agent) commits an act of bribery whether that person is prosecuted or not.
3. It is, however, a defence to any such criminal allegation to show, on a balance of probabilities, that the organisation nevertheless had adequate procedures in place to prevent persons associated with it from bribing.
4. This policy describes the measures this Partnership has adopted and has put into place. It comes into force on 1st July 2010 and applies to all acts done by or on behalf of the Partnership thereafter.

MISSION STATEMENT

5. The Partnership is committed to running a professional business free from discreditable behaviour of any kind. It is particularly committed to Principle 2 of the Guidance given under the Bribery Act by the Ministry of Justice, that is, to prevent bribery by persons associated with it.
6. In order to prevent the unwitting engagement in behaviour which might raise the suspicion of bribery and to prevent any associated person purporting to act on its behalf in a manner that brings suspicion on the Partners and employees, the following measures have been adopted as appropriate and proportionate to the risks it faces. They will be enforced by their dissemination, regular training, and disciplinary measures. Any resources that are required to implement any compliance measures are to be made available.

MANAGEMENT

7. The responsibility for compliance of this policy rests with the top level of management; the members of which will exercise oversight, make assessments of risk, deal with decisions where potential for bribery exists, receive, and investigate reports of bribery and supervise the measures put in place to prevent bribery.
8. The daily overall responsibility for the compliance with the Bribery Act and the implementation of the policy rests with the Managing Director, the Finance Director, and Human Resources. They are to be consulted on any matter where the possibility of unlawful acts could arise.

9. It shall be a condition of the contract of employment of all employees that they shall at all times observe the requirements of this policy.
10. The Partners and employees shall report any attempt at bribery which comes to their attention, whether it consists of an approach to one of them or an act done by an associated third party. In the first instance the report should be made to the Managing Director, the Finance Director, or Human Resources.
11. Under no circumstances should a person who reports a suspicion of bribery be subject to victimisation for making a bona fide report, whether or not the suspicion turns out to be justified.

ASSESSMENT OF RISK

12. The Partners are governed by a strict code of conduct and the employees act upon instructions and are chosen for their integrity as well as ability. As such the general assessment of the risk of committing an offence under the Act is very low.
13. The risk of falling foul of a section 6 offence of bribing a foreign official or of extra-territorial offences does not arise.
14. However,
 - a. In relation to occasions on which hospitality is offered or accepted by Partners or employees, issues may arise as to the line between a proper public relations exercise and the intention to induce improper performance of a relevant function.
 - b. In relation to awarding of contracts for services, the Partnership has provisions for competitive tendering in place. However, as an additional requirement and as a requirement in awarding contracts which are not required to go out to tender, an issue of bribery might arise.
 - c. In relation to the awarding of briefs to counsel issues may arise as to the financial arrangements that are made for the sharing of the professional fee.
 - d. In relation to charitable and political donations, care should be exercised to avoid the suggestion of soliciting favours.
15. The assessment of the firm's exposure to external and internal risks of bribery will be assessed annually and documented in a report to the annual general meeting of the Partnership.

HOSPITALITY

16. In relation to hospitality, promotional expenditure which seeks to improve the image of the firm, to establish cordial and professional relationships and to maintain them is not unlawful if it is reasonable and proportional.
17. In order to assess any particular hospitality event which is to be offered to a client or prospective client, Human Resources will have to be supplied with information. This will include the cost and

nature of the hospitality, the name and details of the person to be entertained, and the purpose of the event. They will be required to approve the event or make suggestions for modifying it.

18. In the event that a Partner or employee is invited to an event, a similar procedure should be followed.

CONTRACTS WITH CLIENTS

19. No fees over and above proper professional fees agreed in advance for professional work done may be accepted. No payment may be made to the client for the award of a contract for services. The rules imposed by the Solicitors' Regulatory Authority are to be followed to the letter.

SUBCONTRACTING

20. In subcontracting professional work to agents, no fee should be sought or accepted for awarding a contract to a subcontractor. The rules imposed by the Solicitors' Regulator Authority are to be followed to the letter.

THIRD PARTIES

21. A third party should be engaged to act on behalf of the Partnership in a manner consistent with this policy. The terms of engagement should be written down and refer to this policy.
22. Due diligence checks carried out on prospective contractors ought to include, where appropriate, an assessment of their ethical conduct.

CHARITABLE AND POLITICAL DONATIONS

23. Donations of a charitable or political nature must be approved by a full Partners meeting and be subject to a prior audit to ensure that there can be no suspicion that any advantage could be thought to accrue to the firm or any of its Partners or employees.

COMMUNICATION

24. A copy of this policy will be available on the public area of the website. Reference will be made to it in the client care documents provided to clients, contracts with suppliers and agents.

TRAINING

25. Staff employed by the Partnership and the Partners themselves will be required to undergo regular training in the terms of the Bribery Act and the requirements described in this document. It shall be a term of the contracts of employment that such training should be undertaken.

REVIEW AND AMENDMENTS

28. In drafting this policy, the guidance issued under section 9 of the Bribery Act was regarded.
